

REMARKS

The declaration was objected to in the Office Action, and the claims were rejected as being based on a defective declaration. Enclosed are three supplemental declarations, each signed by one of the inventors subsequent to the last amendment in the application. A petition for a non-signing inventor was previously filed and granted in the parent of this divisional reissue application.

The examiner is requested to telephone the undersigned attorney of record at (972) 516-0030 if such would further or expedite the prosecution of the present application.

Respectfully submitted,

KONNEKER & SMITH, P.C.
